Once you get to the station Rozsochy, walk to the small parking lot by the crossroads. The shuttle car, marked with a shuttle symbol (see the map), will stop there. It can take 10 or 20 minutes from the time you send the request; please be patient.

### Arrival by Car

The consite can be reached by car from both Prague and Brno. Use your favorite route planner to plan your route. You can park next to the hotel. When doing so, please **follow the instruction signs** at the parking lot which may restrict parking because both the organizers and the hotel need some reserved space to operate. Also, it is essential to make sure that **rescue vehicles (ambulance, fire trucks, police cars) and a supply truck can pass through on all roads.**
